

### **Speed Humps on Sheridan Street!**

In March of this year, Peter Myers of Sheridan street requested the city conduct a traffic study for one of our neighborhood streets. After finding out that within 48 hours, 6 cars went over 50+mph around the bend, a petition for 2 speed humps began. After a long yet uniting process, within the next few weeks we will have a calmer and safer neighborhood.

The City's Speed Hump program requires 100% approval rating from houses within 100 ft. of the humps and 70% approval rating within the boundary area (Sheridan st.). Barb Petsche, our City of Phoenix representative, said that she's never seen an over whelming 96% approval rating for an entire area like Sheridan street. Go us!

After the residents on Sheridan scrapped their pockets and pitched in \$1,900 for the \$2,400 necessary for the two speed humps to be located in front of 3717 and 3617, Peter donated the balance and we are continuing our way to increasing the quality of life in our neighborhood. Thank you everyone for your commitment to making our neighborhood better.
