SPECIALISTS IN ADVANCING EXECUTIVE AND TEAM LEADERSHIP

Vice President Finance & Risk Management
Pacific Marine Credit Union
Camp Pendleton, CA

Job Description

Join a first class world wide organization that is committed to serving their members wherever they may be. You will find a culture that is caring about each other and values personal development. It is a place where you will not only make your valuable contributions but one that is committed to seeing you continue to grow in leadership presence and effectiveness. This is a role that allows you to be creative while ensuring best practices are in place for compliance. If you are serious about making a difference then Pacific Marine Credit Union is the place for you.

Responsibilities:

The Vice President of Finance & Risk Management has oversight of the financial and accounting functions as well as risk management (Managers in the General Accounting, Item Processing, Facilities and Risk Management departments). The major focus of the role includes -

- Develop and implement credit union fiscal plans and policies.
- Create, implement, monitor, and evaluate cost control strategies.
- Ensure accurate and timely financial reporting, financial analyses, cash management, and forecasting reports.
- Responsible for preparation of budgets and periodic analysis of budget variances.
- Manage ALCO and the investment portfolio to maximize yield within risk tolerances and maintain appropriate liquidity.
- Ensure proper risk measures and controls are in place for all policies and procedures
- Facilities Management

Qualifications

- BS in Finance or Accounting
- 3+ years of senior management experience in credit union or financial organization of similar size (\$500 million in assets)
- Depth of knowledge in risk management
- 3+ years investment and liquidity management experience
- Leadership and interpersonal skills
